IS IT WORTH ANYTHING?

To feel absolutely protected against Fever and Ague, Malarial fever, Typhoid fever, Typhus fever, Gastric fever, Bilious fever, Diphtheria, Pneumonia, Scarlatina, Summer Complaint, Blood Poisoning, and all and every form of common disease?

Is it worth anything to be able to effectually cleanse the blood in your entire system, to renew your youth, and invigorate all the organs of your body, to permanently cure Constipation, Dyspepsia, Water-brash, and sour stomach? To cure Jaundice and stoppage of Gall ducts, to cure Sick-headache and Biliousness, to cure Liver complaint and Cancerous liver, to cure Kidney diseases of long standing? To be free from Gout, Rheumatism, Neuralgia, Sciatica, and kindred troubles?

Is it worth anything to enjoy good health, to have a good appetite, and to sleep well? If all these things are worth anything, you can secure them almost for the asking. We know from long experience that this statement is true, but we also know that few will accept it as truth. Nothing but actual experience in the use of Parson's Pills could bring a person to realize fully their marvelous power to prevent and cure disease. Are not you willing to take our word, to run the risk of being swindled, so to speak, out of 25 cents, for the possibility of securing such a great blessing as we know Parson's Pills would be to you? If you should once become acquainted with these Pills, you would never cease to be grateful.

Parson's Pills were a wonderful discovery, and there are some others like them in the world. The information contained in the wrapper around each box is worth many times the cost of a box of the Pills. We use the purest drugs to be found in the known world; but even these, before being used, are subjected to the peculiar purifying process known only to the chemist's art. It is this process which enables us to make the Pills so effective, and which enables us to realize the marvelous power of Parson's Pills in the prevention and cure of disease, and in promoting the general health, a vast amount of suffering and expense might be prevented.

Our business was established in 1816, and is the oldest of the kind in this country. Is it, therefore, likely that we would put forth an untruthful or deceptive statement? Frauds and false pretenses do not remain long in business in this country. We suppose that Parson's Pills may be found at your nearest store; but if not, we will send one box by mail, post-paid, for 25 cents in stamps. Or we will send two boxes of Pills and a beautiful engraving of President Cleveland and his Cabinet for 50 cents, all post-paid. The engraving is \$1.50, and retails for 50 cents. We will send free to all who send us their address a handsome illustrated pamphlet containing information of great value. If you order mention this paper.

Address Dr. J. S. Johnson & Co., 22 Custom House St., Boston, Mass.

Old-fashioned iron bottles have had their day—are like the fiddle the folked—there is no more made in them. Brown's Iron Tonic stands on the threshold of the morning. It purifies, refreshes and enliven the blood, tones the system, and flows the end of the weary sufferer with melody and sweet relief. For sale by Spaworth & Druggist.

OVER THE COUNTY.

GIBSON CLEANING.

The wheat harvest is over and the threshing machines will be in operation soon. The farmers were very busy in their crops until they were checked by the heavy rain Wednesday. Some, however, are about through laying by their corn crop. Corn and cotton are looking extra well at this time. We hope to see a large yield.

Fly & Mathis have closed out their stock of groceries at this place. Mr. Fly is now engaged in the book business.

Several of the Gibson people attended the picnic at Medina Thursday, which was very enjoyable to all. We always knew Medina could get up something nice.

Misses Sallie Warren and Sallie Spangler, of Humboldt, spent several days with Misses Sallie and Lena Scruggs this week.

Rev. J. W. Alford, formerly of Jackson, Tenn., was mixing with his friends in Gibson last week.

The Gibson Sunday-school intend having a picnic on July 31. There have been some able speakers invited to make speeches for the occasion.

Rev. J. N. Hall will preach on the "History of the Baptists" Sunday, June 27th.

Walter Foster is wearing a large smile this week. It's a boy.

NIX.

M. H. JOHNSON NOMINATED.

The democratic convention to nominate a candidate for clerk of the Humboldt law court met at Gibson last Saturday. J. C. Tharp, Esq., was elected chairman, and the editors of the Humboldt Messenger and the Milan Exchange were elected secretaries.

The usual committees on credentials and oasis of representation were appointed. All the districts except Nos. 1 and 20 were represented.

Mr. M. H. Johnson, of Humboldt, was put in nomination by Hon. S. F. Rankin. There being no other name before the convention, he was unanimously nominated. Delegates and visitors present think there is no doubt that he will be elected over the two independent candidates by a large majority. Indications are that the party will present a united front on election day and vote the straight ticket.

BRADFORD BULLETIN.

Our town is very quiet. Business dull.

We had, last Saturday, a barbecue and speaking by our county candidates and candidates for congress, all of whom seem to have friends here. While Judge Carthel is our choice we can hear many speak very favorably of Haywood county's candidate. Haywood county Bond went up after the speaking fifty per cent.

Crops here look fine. We have not had so much rain as other parts of the county, and farmers say crops were never better.

REX.

A grand barbecue was given by the citizens of Bradford and the surrounding community on last Saturday. Everybody was well pleased and got plenty to eat. The county candidates were out in full force asking the people to elect them in August, and the general impression was that all the nominees would be elected. Speeches were made by the candidates for the legislature, and Gibson county's favorite for the senate, S. B. Williamson, made a fine impression on the people. Hon. W. H. Swiggart, candidate for circuit judge, was also on hand and made a fine impression in a short speech, thanking the people for the support that they had already given him by giving him the nomination, and asking their support in August. The candidates for congress, Hons. J. T. Carthel, R. A. Pierce, F. P. Bond and W. C. Caldwell, all made splendid speeches. Judge Carthel maintained his reputation as a logical and forcible speaker.

MEDINA MATTERS.

C. M. Merwin, Esq., president of the West Tennessee Horticultural Society, has a delightful home at Medina. His fields and orchards of tomatoes, pea plant, grapes, pears, plums, apples, and all other fruits of this climate are a delight to the eye and the envy of nearly all who see them. He has been shipping tomatoes for some time, and cannot yet supply the demand on his large field. His pea plants are about ready for market, and are looking splendid. His plum crop is short; has very few peaches; grapes looking well, but rotting a little where not protected in sacks; pears and apples look well.

We are unable to give the program of exercises at the Medina picnic; but the Masques marched to the grounds, the Sunday-schools assembled, addresses were delivered by Revs. J. H. Holt, T. F. Moore and B. F. Peoples of Milan, Rev. J. H. Garrett of Humboldt, and Rev. W. C. Waters and the pastor of the C. P. church at Medina. Fine music interspersed the exercises, and everything passed off pleasantly. About one thousand people were present, many from a distance.

One of the most orderly assemblies of pretty women and girls and handsome men we ever saw were at the Medina picnic. No liquor is sold in that town, and the money which would otherwise be spent for whiskey now goes for good clothing and good living generally. Everybody looks well and happy, the town is prospering, three churches now take the place of the saloons which once cursed the place, and Medina is now a model of good morals and sobriety.

Ed. Caldwell ought to hire out to a circus. He has a magnificent leonade and ice cream voice, and he carries the crowd with him so fast that the clerks can't wait on them.

Col. Spahn, the village blacksmith, is a fiddler from "way back." He favored the waiting crowd late in the afternoon with many good selections of old-time music, which all enjoyed.

TEACHERS' ASSOCIATION.

According to appointment we assembled in the school building, at Gibson station, Saturday, June 19, at 9:30 o'clock a.m.

The discussion of the various subjects that were published previously were at once entered into, and quite a lively time was experienced throughout the day.

After we had disposed with geography and grammar, we adjourned one hour for rest and recreation. During this period of leisure time Gibson's whole souled, big-hearted, clever and generous citizens, thinking, perhaps, that school teachers were in the habit of eating three times a day, made us most gloriously happy and thankful by feasting us on the essentials and dainties of a bounteous dinner. There was an investigation made previously to the dinner, and those who could not do without their coffee were escorted to some of the residences and there partook freely of delightful dinners. After such treatment as this you could not expect anything else but a lively and interesting time. Often times day ideas were opposed by Wright ones, and frequently this would bring a fite upon the floor, but this would not last long, for such ideas were examined by a Blair, and ere long by the sanction of some, and different opinions of others all would be moving off in the even tenor of its way.

The exercises were improved much by essays from Misses Thomas and James, and a recitation by Miss Pearce.

Our next meeting will be at Concord in the 12th district, Saturday, July 31.

There were about fifteen teachers present, and several patrons and visitors from different vicinities. We adjourned at 4 p.m. with light hearts and, we hope, with heavier heads.

NOT SEARED.

But the Heart-Throbs of True Manhood.

SPARTA, Ga., Sept. 22, 1885.—To the Constitution, Atlanta—Were I to practice deception in a case like this, I would think that my heart had become seared beyond recognition.

To be guilty of bearing false testimony, thereby imperiling the lives of my fellow-men, would place me beneath the dignity of a gentleman.

The facts which I disclose are endorsed and vouched for by the community in which I live, and I trust they may exert the influence intended.

For twenty long years I have suffered untold tortures from a terrible pain and weakness in the small of my back, which resisted all modes and manner of treatment.

For a long time the horrifying pangs of an eating cancer of my lower lip has added to my misery and suffering. This encroaching, burning and painful sore on my lip was pronounced epithelial cancer by the prominent physicians in this section, which stubbornly resisted the best medical talent. About 18 months ago a cutting, piercing pain located in my breast, which could not be allayed by the use of ordinary modes of treatment.

These sufferings of misery and prostration became so great that, on the 18th of last July, a leading physician said that I could not live longer than four days, and I had about given up in despair. The burning and excruciating ravages of the cancer, the painful condition of my back and breast, and the rapid prostration of my whole system combined to make me a mere wreck of former manhood.

While thus seeming suspended on a thread between life and death, I commenced the use of B. B. B., the grandest blood medicine, to me and my household, ever used.

The effect was wonderful—it was magical. The excruciating pains which had tormented by day and by night for twenty years were soon held in abeyance, and peace and comfort were restored to a suffering man, the cancer commenced healing, strength was imparted to my feeble frame, and when eight bottles had been used I was one of the happiest of men, and felt about as well as I ever did.

All pain had vanished, the cancer on my lip healed, and I was pronounced cured. To those who are afflicted, and need a blood remedy, I urge the use of B. B. B. as a wonderfully effective, speedy and cheap blood purifier.

ALLEN GRANT.

SPARTA, Ga., September 22, 1885.—I saw Mr. Allen Grant when he was suffering with epithelial cancer of under lip, and after using the B. B. B. medicine, as stated above, I find him now almost, if not perfectly cured.

Signed, J. T. ANDREWS, M. D.

SPARTA, Ga., Sept. 22, 1885.—We take pleasure in certifying to the truth of the above statement, have supplied the patient with the Food Balm.

Signed, ROZIER & VARDAMAN, Druggists.

SPARTA, Ga., September 22, 1885.—I often saw Mr. Allen Grant when suffering from epithelial cancer, and from the extent of the cancer thought he would soon die. He now appears perfectly well, and I consider it a most wonderful cure.

Signed, R. H. LEWIS, Ordinary.
